This is your opportunity to:-

- explore the possibility of becoming a headteacher in the not too distant future
- meet other leaders at a similar stage in their careers from across the three Local Authorities
- identify the areas in which you might need further support and development either pre or post NPQH

The morning will consist of a presentation by a current headteacher and a choice of workshops.

A: Making a small headship successful

B: Making the transition—deputy to headteacher

C: Leading a Faith School

D: Leadership lifestyles—achieving a work/life balance

E: Pre NPQH: Managing the NPQH process successfully

E: Post NPQH: “The first 2 minutes” - a needs analysis

Delegates will be able to attend the appropriate workshop E and two others.

In the afternoon we will be inspired and challenged by “independent Thinking”. The conference will conclude with an opportunity to meet your LA representative to explore what additional local support will be provided.

Supported by the regional target fund from the National College.
